

Supervision & Licensure Preparation

Topic	Description	Details
Supervision & Licensure Preparation	The path to becoming a Licensed Professional Counselor (LPC) in Virginia is both rewarding and demanding.	New Hope supports LPC candidates by offering structured guidance, expert oversight, and personalized support, ensuring clarity and confidence throughout their residency.
Core Supervision Framework	Structured Clinical Apprenticeship Model	Provides competency-based guidance in case conceptualization, ethical decision-making, and cultural responsiveness, bridging academic knowledge with practical application.
Virginia Licensure Navigation	State-Specific Licensure Guidance	New Hope simplifies the complex licensure process by offering clear instructions on meeting Virginia Board of Counseling requirements, including supervised and direct client hours.
Tailored Training Plans	Individualized Development	Training plans are tailored to each resident's strengths and growth areas, ensuring personalized pacing and measurable progress throughout the clinical residency.
Documentation and Compliance	Licensure Application Preparation	Ensures accurate record-keeping of supervision meetings, clinical hours, and assessments, creating a compliant and thorough application for licensure.
